

Falling for Math

A large grid maze with a path leading from 'Start' to 'Finish'. The maze is composed of a 10x10 grid of cells. The path starts at the bottom-left cell (row 10, column 1) labeled 'Start' and ends at the 5th cell from the bottom in the 5th column from the left, labeled 'Finish'. The path is defined by the following sequence of cells: (10,1) -> (9,1) -> (8,1) -> (7,1) -> (6,1) -> (5,1) -> (5,2) -> (5,3) -> (5,4) -> (5,5) -> (5,6) -> (5,7) -> (5,8) -> (5,9) -> (5,10) -> (4,10) -> (3,10) -> (2,10) -> (1,10).

Math is Out of This World
